Notice Number: JGSS06115
Date Posted: February 1, 2006
Due Date for Comments: February 7, 2006 at
5:00 PM MDT

The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a "sole source" procurement is justified if there is only one product or service that can reasonably meet the state's need and there is only one vendor who can provide the product or service.

The Division of Purchasing has received a request to make the following sole source procurement.

Requesting Agency: Tax Commission

Product and/or service to be purchased: Two Scan-Optics SO Series
Scanners - High Speed Optical Scanners

Proposed Sole Source Supplier: Scan-Optics, LLC

Sole Source Justification: The Tax Commission has an existing contract with Scan Optics for a SO-Series scanner with maintenance on hardware & software, and time and materials. We have two scanners and we are requesting to purchase two additional Scan Optics SO-Series scanners that must interface with the old scanners and programs. The new contract would include software and hardware maintenance, shipping, time and material charges for the new scanner.

If for any reason any party does not agree with the proposed sole source procurement, please email Jared Gardner in the Utah Division of Purchasing at jaredgardner@utah.gov prior to the "Due Date for Comments" indicated above.
